

*Orange Conservation Commission
Town of Orange, New Hampshire
Minutes of October 26, 2021*

Present: Aaron Allen, Chair; Hilary Allen, Jay Heinrichs, Dorothy Heinrichs, Sandi Pierson.

Meeting opened at 5:30 p.m. Minutes taken by Sandi.

The Commission met to confirm plans for the Discovering the Trees of the Northeast program scheduled for November 6, 2021, 3-5 p.m., to be held at the Heinrichs residence. Presenter is Michael Wojtech.

Jay talked about the area of the property with the best diversity of trees where the walk will take place. Sandi will send out a town-wide email requesting people who plan on attending to RSVP the town's email address.

The Heinrichs will provide the food for the post-program campfire. Aaron and Hilary donated funds toward the cost of the program and a mileage stipend for Mr. Wojtech. (The total cost exceeded the \$300 OCC budget.)

In case of inclement weather, Dorothy said the barn should be able to adequately house the participants after the walk.

The Commission members extended their sympathy to Tracy Hutchins on the unexpected death of her mother.

Meeting adjourned 5:50 p.m.

Respectfully submitted,

Sandi Pierson
