Present: Betsy Coble, Beth DiFrancesco, Laurie Sanborn

1. Meeting opened when the computer came on.
2. Two match deaths, Margaret S Brown, and David Rein Watson
Betsy compared the voter information and they were removed from the checklist
- 3) Two pending voters to approve. Ella Victoria Barrett and Amy Hausfeld
Ella's name was entered incorrectly. Betsy was able to edit in electionet and print voter registration cards. Both voters were approved.
- 4) A third registration was left in the kitchen for us, however no information was entered into electionet as pending for us to approve. We did not enter this individual due to we have not seen any documentation to verify citizenship, residence, identity and age, all required to register to vote in our state. He apparently completed this form in April 7, 2021. This is the first we heard of him. Beth emailed Michelle about this individual.
- 5) Print alpha list and post
